Q1: Grid Design (Fill in the blank)

Question 1:

Bootstrap is based on a ____**12**____ **column design**

Q2: Column Class Precedent (Fill in the blank)

When a column class is defined for a block, it will apply to the design size and larger, unless otherwise defined.

```
<div class="row">
      <div class="col-sm-4">
            This div will be __4 columns wide at small size__
            _____and larger_____
      <div>
      <div class="col-sm-4 col-md-8">
            This div will be _____
      4 columns wide at small size, 8 wide at med and larger__
      <div>
</div>
```
